

Business Leaders Support the **EMPLOYEE FREE CHOICE ACT**

I understand that unions are an essential part of a strong democracy and play a crucial role in America’s public and community life. Protecting workers’ rights to form unions is about maintaining the American middle class. Protecting workers’ rights is in the long-term interest of American business.

**As a visionary business person,  
I support the Employee Free Choice Act.**

Enactment of the Employee Free Choice Act would boost the prospects for progressive union-management partnerships and help create an economy that works for all. I want my firm’s name to be listed as a supporter of the Employee Free Choice Act on websites, in printed ads or in other media spots.

The Employee Free Choice Act is good for workers and, ultimately, that is good for our economy.
