

A PETITION IN SUPPORT OF THE MONCURE PLYWOOD STRIKING WORKERS OF THE INTERNATIONAL ASSOCIATION OF MACHINISTS, LOCAL W369

Whereas community residents support the Moncure Plywood workers of IAM Local W369 in their strike for a just contract that would deny the company the right to impose a 60 hour mandatory work week, and deny workers' access to health care by imposing a 300-400% increase in their health premiums; and

Whereas the company has resisted bargaining in good faith with a Federal Mediator; and

Whereas the Union has filed a Federal Civil Rights complaint over the company's allowing a noose to be hung on the plant grounds that was clearly and intentionally visible to the strikers on the picket line;

Therefore be it resolved that the names listed below of residents of Chatham and neighboring counties, petition their elected officials to demand Atlas Holdings, the owners of Moncure Plywood negotiate a just contract and return all IAM Local W369 workers to their jobs.
